Calendar of Events

TUESDAY, FEBRUARY 10

The Deborah Class of The First Baptist Church will meet Tuesday, February 10th at 7:30 p.m. in the home of Mrs. W.T. Baber, 1511 South Elm Street. All members and Associates are urged to attend.

Ruth Sunday School Class of The First Baptist Church will hold its monthly business and social meeting, Tuesday, February 10, at the home of Mrs. John Britt. All members and associate members are urged to attend.

The regular monthly meeting of the Millwood Shrine Club will be held Tuesday, February 10 at 7 p.m. in the Town and Country.

A church-wide family pot-luck supper will be held Tuesday, Feb. 10, starting at 7 p.m. in the Century Bible Classroom of First United Methodist Church. The Church will furnish the meat, which will be ham and chicken, bread and drinks. Families are asked to bring either a salad, dessert or vegetable. Entertainment will be by Rev. George W. Martin, pastor of Malvern Methodist Church. Rev. Martin plays the guitar, sings and is a gifted humorist and entertainer.

All members of the Dorcas Sunday School Class of Garrett Memorial Baptist Church are asked to be at the Church at 6 p.m. Tuesday. The class will go to Nashville to meet in the home of Mrs. Dixie Loughard.

WEDNESDAY, FEBRUARY 11

The Lilac Garden Club will meet Wednesday, February 11 at 2 p.m. at the home of Mrs. L.C. Collins, 600 N. Washington, with Mrs. Jim Stroud and Mrs. A. M. Hewitt, co-hostesses. The program will be on small trees for the home yard by Mrs. B.W. Edwards.

Garland School PTA will meet Wednesday, Feb. 11 at 3 p.m. in the school auditorium.

Brookwood School PTA will meet Wed. Feb. 11, at 3 p.m. in the school auditorium. Supl. James H. Jones will discuss the tax proposal to be voted on March 10.

The John Cain Chapter, DAR, will meet Wednesday, February 11 at 12 noon in the Town and Country with Mrs. Otis Blackwood, Mrs. C.B. Voss, and Mrs. J.A. Wilson, hostesses. During this American History Month, the accent will be on Arkansas history, and Mrs. Arthur Wimmell will have the program.

CHATTER

By BILL

February is the biggest little month of the year. The shortest month of the whole year and yet... it has given us some of our greatest men... three presidents... Lincoln, Washington, and Harrison, our beloved poet, Longfellow and the famous musicians Fritz Kreisler and Victor Hubert. And among other greats we have Charles Dickens, Charles Linbergh, Thomas Edison and Buffalo Bill Cody. But the one that really pulls at the heartstrings is... good old St. Valentine!

We would like to help you help him... by choosing a gift for your girl... we will wrap it in folds of tissue, tie a card saying "from you to her... with love."

Here are a few suggestions: a navy or white acrylic three piece pant suit, designed by Puccini, washable and wearable right now... A one-piece knit Jeanne Durrell dress with sleeveless matching jacket, comes in three beautiful colors, sizes from 6 to 18. A Marco Polo costume suit, coat and dress in navy blue, luminous red or white... Wear the coat with lots of other things...

A pin and earring set, designed by Jonni, in sparkling ice. A pair of medium length off-white lined leather gloves, washable and elegant... Crushed patent gloves are also available in white, brown, and red.

Mihati cologne, dusting powder and bath oil... she'll love it and you! A long silk scarf... and dozens of other things we have no room for... see them all at...

VICTORY HOMEMAKERS MEET
Color was the Club Key for the Victory Extension Homemakers meeting on Wednesday, February 4 in the home of the president, Mrs. Cecil Smith. Ten members and 2 visitors, Mrs. Thelma Cobb and Mrs. Ray Smith, answered the roll call by telling "Where color would help me in decorating." For the opener Mrs. C.J. Rowe told "Where and how to use color." The housing leader, Mrs. Joe Willett gave the lesson, "Decorating with color."

Mrs. Smith called the meeting to order by reading the Thought of the Month, "Do you need proof of God? Does one light a torch to see the sun?" Song leader, Mrs. Robert Cash, and the members sang "Put on Your Old Gray Bonnet" and "Chew-Chew-Chew." After the president had given the devotion from Luke 26, the Homemakers Prayer was repeated in unison.

Mrs. Avery McKinney presented a lesson on health, "Deficiency Diseases—the Anemias." Mrs. Jack Sumpter reported on the Family Life Highlights, and during the general business discussion Mr. Renee Willett was appointed head of the committee to make the club's scrapbook for 1970.

Mrs. Cash, Mrs. Sumpter, Mrs. Joyce Dean Collins and Mrs. Nina McCorkle received gifts from Secret Pals. Mrs. Cash received several gifts for her Golden Anniversary, and Mrs. McKinney won the Surprise Package.

Valentine cake and various tidbits were served with coffee or punch. The meeting on March 4 will be with Mrs. Dexter Alford.

Births

Mr. and Mrs. W.J. Greenwald, Jr., of Chapel Hill, North Carolina, announce the arrival of their first child, a son, Christopher Scott was born on January 27th and weighed 7 lbs. 6 oz. He is the great grandson of the late Mr. and Mrs. W.P. Singleton.

Coming, Going

Mr. and Mrs. Bob Jackson, Mr. and Mrs. Hufan White and Mrs. Elsie Highfill went to see "I Do, I Do" in Little Rock over the weekend.

Mr. and Mrs. Jesse A. Brown had as guests Sunday afternoon 40 members of the Tyler Street Baptist Youth Choir and their sponsors, Mr. and Mrs. Bob Fletcher, Mrs. Harold Highower, Mr. Jerry Williams, and Mr. Ogden, all of Little Rock, who were en route to Texarkana to present "Purpose," a Christian folk song, at the Trinity Baptist Church on Sunday evening. The Browns served their guests sandwiches, Valentine cookies, coffee and cold drinks.

Mr. and Mrs. H.M. Olsen and Mr. and Mrs. H.C. Whitworth attended a Shriner's business meeting in Little Rock Friday and Saturday and went to a banquet and dance Saturday honoring Potentate and Mrs. Ken White.

HELEN HELP US!

by Helen Bottel

A FLAG IS TO WAVE, NOT WEAR

Dear Helen: A girl came to school yesterday in a pullover shirt made of two American flags. She was sent home. Today she protested, saying she had not mutilated or abused our flag, but merely stitched two of them together, and this was her way of being patriotic.

I have to admit, she waved the flag as she walked, being built that way. But was she right or wrong? —UNSURE

Dear Helen: Wrong! This girl was more of an exhibitionist than a patriot.

She probably knows by now that the flag must never be used as drapery except when covering a casket. —H

Dear Helen: Which letters got most response from readers last month? —JERRY

Dear Jerry: I'm not sure if this is good news or bad news, but readers were more interested in cats and Santa Claus last month than they were in sex, drugs, and the Vietnam war.

They deluged me with "cures" for furniture-clawing felines; and when a dour gal called Saint Nick "Satan Claws" she got it from all sides!

Also, bags of brickbats came from Maria, the 12-year-old smoker who called her mother an old fogey. I'm always happy to see how overwhelmingly kids rise up to champion maligned parents. It's sad that adults aren't equally supportive of youth. —H

Dear Helen: The whole thing started with a rash of racial disturbances in our town. My father listened to my mother's distorted version and when I tried to contradict after all, I was at

Television and 'Build a Radio

By CYNTHIA LOWRY

AP Television-Radio Writer NEW YORK (AP) — Movie fans in the television audience had been spared until recently, those tearing decisions: The three networks kept out of each other's way with their feature film reruns.

ABC had Wednesday and Sunday nights; NBC Monday, Tuesday and Saturday; CBS Thursday and Friday.

ABC, which had been having a tough time with a lot of its programs, recently broke the gentlemanly mold. It moved its Wednesday night movie to Mondays, and gave it a half-hour start on NBC's movie.

This competitive scheduling may have caused some big living room arguments this week. ABC's feature was a dreadful opus called "The Oscar," but it had a lot of stars, a plot like a nightmarish combination of "Bracken's World" and "Pal Joey," and was as titillating as a movie magazine. NBC showed "The Satan Bug," a science fiction thriller, second rate but with appeal to a male audience.

When the film is attractive, ABC's audience-grabbing device probably will work. In ABC's other midseason switches, only two of the five new programs appear to be winning passing grades with the audience.

"The Johnny Cash Show" was 14th on a list of 89 programs in the most recent Nielsen report, and "The Nanny and the Professor" was about half way down the list. "The Engbert Humperdink Show," Pat Paulsen's comedy program and "Paris 7000" were at the bottom of the list.

Robert Crean, author of tonight's "CBS Playhouse"—9:30-11 EST—has written a play about freedom—at least personal freedom—in his "Day Before Sunday."

The play, seen in a preview, is an impressive vehicle for Uta Hagen, a fine and sensitive actress. She plays a spinster career woman who, in middle life, has dedicated herself to taking care of her family. She has made a home for a sister who from birth has been little more than a vegetable. She has loaned money endlessly to another sister and a habitually over-extended brother-in-law. She has paid for a private school education for a niece.

The catalyst is a man of about her age who is flying East to attend his son's graduation from the school the niece attends. As the couple's relationship develops and the family makes more money demands on her, the emptiness and loneliness of her life become more evident.

Martin Balsam, playing this man "who tried to live everybody's life for them" tries to get the woman to start living her own life and to cease meddling

By JOANNE SCHREIDER

Are you longing for a home sewing center all your own? A place to keep all your sewing materials, where your sewing machine may be kept out during heavy sewing sessions and converted to decorative use between sewing spurts? A place where work-in-progress can be hidden without putting it away?

If you can spare 36 inches at the end of your bedroom, the playroom or family room, the laundry room or dining room, this stow-away center is for you. To create the unusual design we show today, the experts at the Singer Company made a study of exactly what a home sewer needs to do a professional job in a small area. Based on that research, the stow-away sewing center was designed by Shirley Regendahl, easy for a home handyman to construct, easy for a home handywoman to use, practical, pretty and inexpensive.

The Stow-away was built against a window-wall, to take advantage of natural light. Between the two pairs of ceiling-high storage units is a cushioned window seat, framed in Singer's handsome double-checked cotton covering the walls and making the curtains. A striped shade with black-lacquered slat decorates the window.

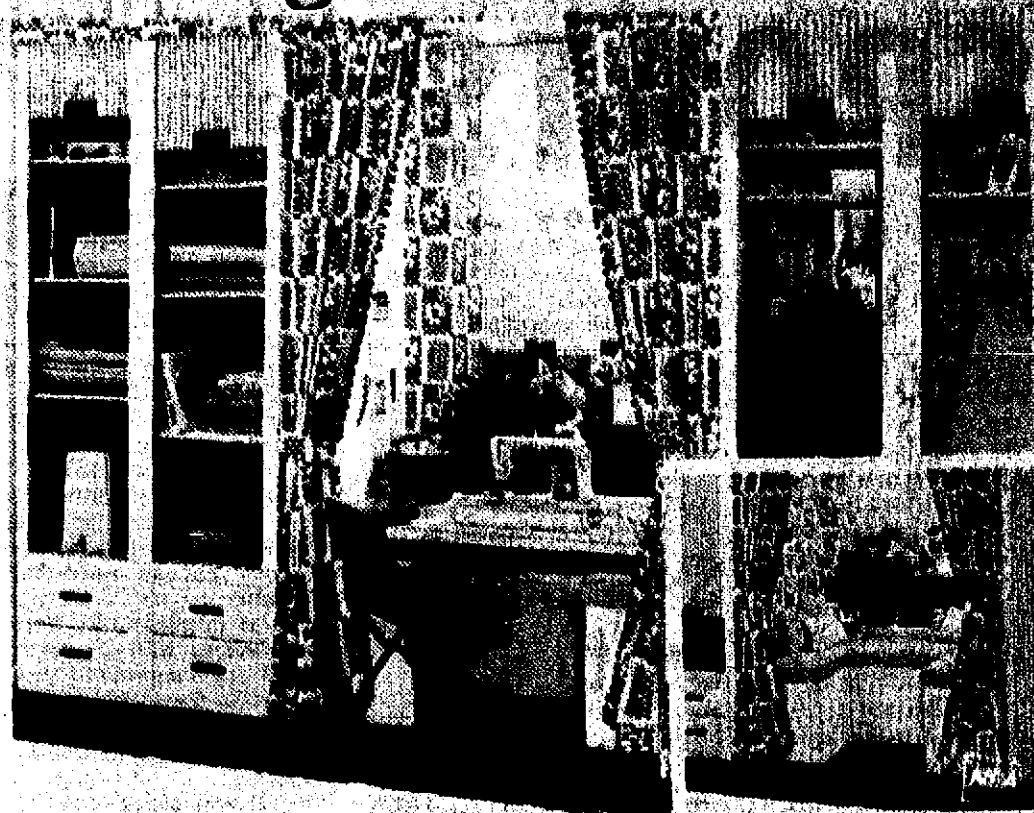

When it's time to sew, the left-hand wall panel drops down to form the five-foot-long sewing table, and reveals a pegboard on which to hang the scissors, pin up the pattern instructions and park the pincushion. Pull up the matching shade-doors to reveal the storage areas housing the iron and ironing board, the dress form and full-length mirror, the spot for the sewing machine, plus plenty of drawers and shelves for all the items that clutter up a busy sewing room. Storage areas are lined with matching material, so the unit is attractive open or closed.

When the day's sewing is over, draw the curtains and drop the shades on the clutter. It will be waiting for in others affairs. He made the character seem very real.

It is a perceptive, adult and thoroughly entertaining drama.

(Newspaper Enterprise Assn.)

Sewing Stow-away

The Stow-away is a home sewer's dream. Open for action, it has a generous 5-foot work surface and plenty of storage space for ironing board, dress form, portable machine, sewing aids. Full-length mirror simplifies fitting. Singer's exclusive print lines the closets and window alcove, is used for draperies and valance. Close shades and draperies to hide work-in-progress. The handsome window seat (inset) hides the sewing room. Striped shades by Joanne Western cover closets, decorate the window. Sewing table lifts up to become part of wall.

you in the morning, just as you left it—and only a woman who sews knows how much time can be saved by not putting-away and taking-out every evening.

The shades eliminate the problem of hanging doors. The window seats may be made with lift-off tops for additional storage. If building drawers sounds like a hard job, two-drawer cabinets of unpainted wood may be built into the structure.

For plans and measurements for the Stow-away, write to Stitchin' Time, c/o this newspaper, Box 503, Radio City Station, New York, N.Y. 10017. Enclose 50 cents with your name, address and zip; ask for Stow-away Leaflet J 212. You will receive an easy-to-follow building diagram, plus Singer's exclusive listing of equipment necessary in a complete sewing room. Send today — you'll get your spring sewing off to a well-organized start.

FASHION TIPS

Suit News
More suit news: ponchos, cape coats, wrap stoles and mid fling capes with matching wrap-around skirts.

High Fashion in Legs
Tinted stockings add depth to spring fashions. Taupe, navy and red make colored legs high fashion.

New Look for the Prom
A new look in prom dresses is very much "in" for this spring's gala. Teens go lean and lanky with long, white crocheted skirts and long, white cotton lace tubes.

Cloche Is in Season
Knit and crocheted caps stay with us into spring. The fabrics are lighter—but the look is the same. The cloche comes into its own this season.

Two in One
There's versatility in "spring" makis. Some zip off to mini lengths, giving you two coats in one.

SWC Coaches Set to Sign Blue-chippers

By THE ASSOCIATED PRESS
The University of Texas, Texas A&M and Texas Tech were expected to sign in most of the blue chip athletes today as Southwest Conference recruiters started signing high school football players to letters of intent. Of the top 20 schoolboy prospects in the state, as listed by the SWC head coaches in a confidential poll, Texas is in position to sign as many as 12 and Tech and A&M could pick up as many as three each.

Austrian to Defend World Slalom Title

By ENRICO JACOMINI
VAL GARDENA, Italy (AP) — Austrian skier Karl Schranz led competitors into the second heat of the men's giant slalom at the World Alpine ski championships today seeking a victory that would give him the world slalom title and the lead in the World Cup standings. A victory would mean immediate revenge for the Lion of St. Anton who was jeered by the crowd as he withdrew from the men's special slalom after missing a gate on Sunday, in a black day for the whole Austrian team.

Some of Top Rated Teams Barely Win

By HERSHEL NISSENSEN
Associated Press Sports Writer
"You don't get a chance to knock off No. 1 very often." That was the way Marv Harshman put it Monday night after his battling Washington State team wasted a golden opportunity and became mighty UCLA's 18th victim of the season 72-70.

Jerry West Hottest NBA Scorer

NEW YORK (AP) — Iron Man Jerry West of Los Angeles continues to hold a steel-like grip on first place in the National Basketball Association scoring race. The 31-year-old All-Star guard, who plays most days despite an injury-marked career, has a substantial lead with a 31.7 average, league statistics disclosed today.

Blevins Takes 3 Games Fouke

In their last regular season action, Blevins swept 3 games from Fouke.

In the first game, Blevins Jr. Boys, wearing the dark suits, had the Fouke boys 43 to 14 at halftime. The final score was Blevins 50 and Fouke 21.

Wants and Phillips led Blevins with 25 and 16 points. Peavy Thomas led Fouke with 25. Blevins Jr. Boys have won 20 games and lost 4.

In the second game Blevins Jr. Girls led Fouke 28 to 24 at halftime. The final score was Blevins 30 and Fouke 21.

Dog Show Is Really Game of Guessing

NEW YORK (AP) — The annual guessing game—one in which nearly everyone is a loser—on the dog that will be sent to the top in the Westminster Kennel Club Dog Show was in full swing today.

With the 1, 1, champion retired and only two of the six group winners from last year back for another try at the golden bone, the field was regarded as being wide open.

One of the two '69 finalists already has been polished off. That was the old English sheepdog, Ch. Prince Andrew of Sherline, owned by Mr. and Mrs. Howard Sherline of Detroit.

He managed to get by his breed but was defeated by Ch. Arriba's Prima Donna, a boxer sent in by Dr. and Mrs. P.J. Pagano and Dr. Theodore S. in the final of the working group.

The other finalist entered from last year is Ch. Genreh Gmrelet of Charmaron, a toy Manchester terrier owned by Marie Elizabeth O'Neill and her father, Charles, of Philadelphia.

Loirel took the toy group in the 1969 show, and competition in the breed judging today.

Prima Donna, the boxer, a bitch of just slightly over 3 years old, of course, becomes one of the prime favorites for best-in-show in the guessing game.

Two other finalists were decided. They were Hoolwire Tudor Reliant, a wire fox terrier, owned by Steve Farber of Denver, who won the terrier group and Ch. Star Q's Brass Buttons, a Boston terrier, sent in by Dr. K. Eileen Hite of New York, who captured the non-sporting group.

The toy, hound and sporting dogs will be judged today and the best-in-show will be picked by Anna Katherine Nicholas about 11 p.m., EST.

Hirt Is Hurt, Mardi Gras Threatened

NEW ORLEANS (AP) — Mayor Victor H. Schiro says hoodlum behavior in the Mardi Gras revelry threatens to force abandonment of the famous annual celebration.

Trumpeter Al Hirt, who was struck in the face by a brick while riding a parade float, expressed fear Monday that a 15-stitch lip injury might end his career.

Hundreds of youths toting sleeping bags and knapsacks had been arrested on charges of vagrancy or carrying concealed weapons.

The bearded, roly poly Hirt, whose trumpet playing from a Bourbon Street hotel balcony has been a Mardi Gras feature for years, said the lip injury Sunday "could mean the whole ball game—my career." He said he had already canceled engagements in Atlanta and Albany, Ga.

"I tell you one thing," he said. "This is my last parade, at least until the city fathers take a hard look at all the violence in Mardi Gras this year."

About 500,000 persons were expected to turn out tonight for the traditional Zulu, Rex and Comus parades which wind up the Carnival.

Non-commercial TV Dishing Out Culture

By PEGGY SIMPSON
Associated Press Writer
WASHINGTON (AP) — From the cabdriver who digs back to the postman who revels in Italian opera, noncommercial television is dishing out culture to the common man who can't afford formal concert halls. Congress has been told.

"Public television is one of the most impressive and influential artistic forces on the American cultural scene," John W. Macy Jr., president of the Corporation for Public Broadcasting, told a House education subcommittee Monday.

Macy, pushing a bill to provide \$40 million for the National Endowment for the Arts in fiscal 1971, said a recent survey showed public television's audience numbers 45 million persons, enough "to fill every concert hall and theater in the United States with quite a few million standees."

The key thing, Macy said is public TV is bringing opera and theater to those who can't afford the fancy clothes to attend the concert hall.

Macy said a Boston cab driver told him that the city's public TV station, WGBH, puts on his favorite programs, opera and

DAVID STILL

Assuming the duties as manager of Sears Catalog Sales Office in Hope is David Still, a native of Batesville, Miss.

Formerly manager of the Sears store in Demopolis, Alabama, Still has been with the Company since November, 1967.

He is a graduate of Mississippi State University where he was a member of Kappa Sigma Fraternity.

Still is a member of the Methodist Church, National Guard and while in Alabama, was a member of the Jaycees and Civitans.

Older Fillies and Mares to Race at Spa

HOT SPRINGS, Ark. (AP)—Enjoy Corp. and a Roy Sturgis entry of Idle Dreamer and Prefer head a list of 10 older fillies and mares for today's \$6,500 feature race at Oaklawn Park.

The field of 4-year-olds and upwards will go 5 1/2 furlongs. Idle Dreamer will carry 108 pounds and jockey Larry Snyder, last year's leading rider at Oaklawn.

R. J. Campbell is to ride Prefer, who is to carry 119 pounds. Rounding out the field are Miss Suzaki (113), Carahido (114), Black Apache (120), Wild Sketch (116), Diamond Jean (112), Joni's Music (117), Misty Spyrullah (19) and Cash Ticket (116).

Kanthurt Yew, owned by Gus Blass of Little Rock, captured Monday's \$5,000 feature over a field of eight other older allowance performers.

Kanthurt Yew returned \$10,600, \$5,400 and \$4,000. How-Tum paid \$11,200 and \$5,600 to place and Kayrang paid \$13,800 to show.

A crowd of 7,227 wagered \$528,146.

Says Pentagon Has Stolen \$10 Billion

By RICHARD P. POWERS
Associated Press Writer
WASHINGTON (AP) — Sen. William Proxmire, a leading congressional critic of arms spending, charged today the Pentagon has "stolen \$10 billion of the peace dividend" supposedly gained by the Nixon administration's military expense cuts.

"When one looks beneath the vast propaganda generated by the White House, the Pentagon and the Budget Bureau about cuts in the defense budget for fiscal year 1971," the Wisconsin Democrat said, "some alarming and disquieting facts are found."

"Somewhere along the line," Proxmire said in a prepared Senate speech, "Even after generous allowances are made for inflation and pay raises, double counting and uncontrollable items, we lost about \$10 billion."

"Where did \$10 billion disappear? The answer is that the Pentagon is keeping it. They are not cutting back as much as their press releases suggest," he added.

Actually, Proxmire said, known reductions of about \$25 billion in military spending have reduced outlays in the 1971 budget by only \$5.3 billion.

An estimated \$10 billion of the \$25 billion will be eaten up in pay raises, inflation and uncontrollable items, he said, leaving a net spending out of \$15 billion.

"But this net out of \$15 billion or more translates into a reduction of budget outlays in fiscal 1971 of only \$5.3 billion," he said. "The remaining \$10 billion has been absorbed or usurped by the military services."

classical music. No, he told Macy, he'd never actually been to a concert because "he didn't have the fancy clothes."

The national endowment's recommended 1971 budget of \$40 million includes some money to help public television be more creative.

Public broadcasting offers a national audience for local and regional talents, he said, gives nationally recognized artists a regional exposure, and fosters

\$40,000 in Dimes Sprayed Over Highway

AUBURN, Mass. (AP) — The rear door of an armored truck swung open on the Massachusetts Turnpike early today, spilling \$40,000 in dimes onto the highway.

State police said the truck, headed for Boston, contained 40 money bags, each holding \$1,000 in dimes.

"Each of the bags broke open," said police, spilling dimes over one eighth of a mile section of the road.

The money was being carried by a rental truck, leased to Armored Motor Rental Transport Co. It was headed to Brink's Inc. in Boston from New Jersey, police said.

A truck following the armored vehicle was disabled when it ran into the flying dimes, police said, and had to be towed away.

The road could not be closed after the incident, police said, and men worked with vacuum cleaners and machines known as "mud suckers" to recover the dimes as cars continued running over the loot.

The accident happened at 6:55 a.m., and by late morning, the road was still covered with dimes, police said.

Theaters Will Do L.R. Mail

LITTLE ROCK (AP) — A complex of four movie theaters under one roof will be built by the United Artists Theater Circuit in the Southwest City Mall shopping center in Little Rock.

Robin Wightman, manager of the theater group, said a central lobby would serve the four theaters. He said under the arrangement, the circuit could show an adult picture in one theater and a general audience picture in another.

"If we have a really big picture, we can put it on all four screens," he said.

Investments of fixed-dollar amounts during a price slump. For example, an investor buys \$100 worth of shares every three months while the price of shares goes down, then comes back up. He makes his purchases at \$5, \$4, \$3, \$2, \$1 and \$0.50.

Add up those six prices, and you get an average price per share of \$3. But get out your pencil and see how many shares \$100 bought each time. You'll find this investor acquired 156.6 shares for a total cost of \$600.

He has thus bettered the average price of \$4, since at that price \$600 would buy only 150 shares. He owns 6.6 additional shares. And since his \$600 investment is worth \$783 at the recovery price of \$5, he has done very nicely during the decline.

Whether or not they know the name of the principle, mutual fund investors on the whole have been dollar-averaging while the professionals have been sitting on their hands. And if you believe that prices are going to recover eventually — as they always have as long as there has been a market — it seems that there are times when the little fellow does something right. Wall Street doctrine to the contrary.

THE DOCTOR SAYS

Snowmobile Accidents Are on the Increase

By WAYNE G. BRANDST/DT, M.D.

It is estimated that one million snowmobiles are in operation this winter. This relative newcomer is capable of a speed of over 40 miles per hour. In the far north, the vehicle is rapidly replacing dog sleds. Each new model is faster than its predecessor. A European machine is now reported to make 102 m.p.h. over a frozen flat surface.

As an inevitable result, accident rates among snowmobile operators are increasing. The most frequent injuries are fractures of the legs, lower back and ribs, the latter often complicated by perforation of a lung. When one is injured outdoors in winter the cold aggravates the shock and adds to the danger.

Most accidents occur when the driver or a passenger is thrown from a machine that has hit a snow bank, rock, stump or other hard object since the vehicle tips over easily. The fact that low obstructions may be covered by a blanket of snow increases the danger when the vehicle is being driven over unfamiliar terrain. Anyone who plans to run a snowmobile should master safe driving techniques as the first order of business.

Inmate Fails to Return

CUMMINS PRISON FARM, Ark. (AP) — Cummins officials said that Larry Hutchinson, 45, of Detroit, Mich., failed to return from an emergency turlough Sunday.

Hutchinson, who is serving a 21-year sentence from Poinsett County for assault with intent to kill, had requested the leave to visit his mother, who is ill, in Trumann.

WORLD ALMANAC FACTS

Q—I have taken aspirin, Dramamine and other remedies for motion sickness but to no avail. Is there any cure for this disease?

A—Some of the newer antihistamines are said to be more effective than Dramamine. These include methamphetamine (Fetamine), promethazine (Phenergan), diphenhydramine (Benadryl), pheniramine (Trimeton) and the closely related antinauseants — trifluoromethazine (Vesprim), meclizine (Bonine), cizidine (Mareline) and trimethobenzamide (Tigan). In addition to these, two drugs that are a combination of an antispasmodic and a sedative (Butel and Donnatal) may serve this purpose. All are prescription drugs.

To be effective the drug should be taken about 30 minutes before take-off. Furthermore, you should eat very lightly before departure. Avoid alcohol and, once you are airborne, avoid looking at the horizon. Instead either read or close your eyes and relax.

Please send your questions and comments to Wayne G. Brandst, M.D., in care of this paper. While Dr. Brandst cannot answer individual letters, he will answer letters of general interest in future columns.

LET'S REFLECT:

The greatest calamity is not to have failed, but to have failed to try. Selected from "Apples of Gold."

CALENDAR OF EVENTS:

The Humming Bees of Texarkana will sing at Bethel A.M.E. Church Sunday night February 15th, at 7:30. The public is invited to attend.

NEGRO HISTORY WEEK—HISTORICAL HIGHLIGHTS—EXCERPTS

The beginnings of the African Methodist Episcopal Church go back to the year 1787 in the city of Philadelphia, Pennsylvania. Richard Allen was its founder and chief promoter. His purpose was to provide a church where men might worship and have fellowship in complete freedom and equality.

Richard Allen was born February 14, 1760, in Philadelphia. He organized the African Methodist Episcopal Church in 1816. In 1793 Allen and his group bought a piece of land at the corner of Sixth and Lombard Streets, Philadelphia. An old blacksmith shop was moved to this spot and used as their first church. This building, named Bethel, was dedicated by Bishop Asbury in 1794. Bethel A.M.E. Church stands today on this same spot in Philadelphia. It is known as "Mother Bethel" of the denomination. This ground is said to be the oldest piece of real

estate owned by any group of colored people in America. In 1789 Richard Allen was ordained to the ministerial order of deacon by Bishop Asbury, and in 1816 he was ordained elder, the highest ministerial order of Methodism. Soon groups of colored people in other places were following the example of Richard Allen and his associates. In 1816 representatives of these groups were invited by Richard Allen to meet in Philadelphia in order to form a national organization. In April of that year 16 delegates gathered representing churches in Philadelphia, Baltimore, Wilmington, Del., Attleboro, Pa., and Salem, N.J. On the 9th of April adopted: "That the people of Philadelphia, Baltimore, and all other places, who should unite with them shall become one body under the name and style of the African Methodist Episcopal Church of the United States of North America. Rules and regulations were adopted for the government of the new denomination and Richard Allen was elected and consecrated its first Bishop.

Richard Allen served as a bishop of the A.M.E. Church from 1816 until his death in 1831. He was the first Negro to be ordained a deacon and elder and consecrated a bishop among the Protestant denominations. His remains lie buried in Bethel A.M.E. Church in Philadelphia. Also in this shrine are the pulpit, Bible, songbook and other articles used by Bishop Allen. Your reporter had the good fortune to be a delegate to the 38th Session of the General Conference of the African Methodist Episcopal Church held in Philadelphia in May 1968, and visited this shrine.)

COMING & GOING...

Mrs. Mary Flenory has returned home from St. Louis where she visited her daughter, Mrs. Mamie Ootsey, who was ill.

Space Medical Mysteries Are Studied

By PAUL RECER

AP Aerospace Writer

SAN ANTONIO, Tex. (AP) — Man's second moon landing expedition was marked by medical mysteries which may shape future lunar missions.

Dr. Charles Berry, chief astronaut doctor, said Monday the Apollo 12 astronauts experienced medical phenomena never before noted in more than 5,600 hours of man in space.

The astronauts, he said, observed brilliant flashes of light when they closed their eyes in a darkened portion of the spacecraft.

He said the lights seen only when the astronauts closed their eyes, are thought to be caused by charged particles or rays from the sun or from space penetrating the astronauts' eyelids.

Astronauts Charles A. Conrad Jr., Richard F. Gordon Jr. and Alan L. Bean also experienced sensitivity to lunar material. Dust from the moon, Dr. Berry said, caused their lungs and noses to become congested.

Dr. Berry noted that members of the Apollo 11 crew, also exposed to dust, reported no irritation.

He said more stringent efforts will be made on future moon landings to keep the interiors of spacecraft free of the black lunar dust.

The Apollo 12 crewmen also reported visible body changes during the early part of their trip.

Berry said the astronauts observed that each seemed to have "a fuller face" during the first 24 hours of flight.

He said they also noted that they had reddened eyes and flushed faces during that period.

Berry attributed the changes to pooling of fluids in the head, apparently caused by the absence of gravity. He said the effects disappeared as the heart apparently adjusted to decreased gravity.

Organisms normally on the skin also reacted differently on Apollo 12 than on previous space flights, Dr. Berry said.

He said a staphylococcus bacteria apparently increased to a number far beyond normal on earth.

"This doesn't mean that the organisms changed," he said. "It just is that they increased greatly for some reason."

The bacteria caused pus to form on an irritated patch of Conrad's skin and in a head cut Bean received when Apollo 12 landed in the Pacific.

An Open Letter To The Citizens Of Hope School District 1-A

Recently the Board of Education of Hope School District 1-A recommended an increase in local support for schools.

The Hope Education Association recognizes that substantial gains have been made in upgrading the instructional program in recent years without asking for additional funds. However, because of the increased demands in all areas of education Hope School District must provide adequate funds to meet these needs and increased cost.

Therefore, we of the Hope Education Association strongly endorse the position of the Board and urge the active support of all citizens of the community to join with us in voting to pass the School Tax.

We pledge our support to the Board to continue to work for better schools and education for the children and young people of this community.

Convention Scheduled to Adjourn

By HARRY KING

Associated Press Writer
LITTLE ROCK (AP) — The Constitutional Convention decided Monday to give the people a chance to amend the proposed new constitution at the same time they vote on the document in the November general election.

The effect of the convention's decision to permit voters to consider amendments in November was to give groups an opportunity to change provisions they don't like.

A petition for a constitutional amendment would require the signatures of 10 per cent of the legal voters in the state.

The convention was scheduled to adjourn sine die this afternoon after hearing an address from Gov. Winthrop Rockefeller.

The delegates voted last Friday against submitting controversial issues separate from the vote on the main document in November. Some delegates said Monday the voters should have an opportunity to consider alternatives to such matters as usury and the so-called "right-to-work" law.

The proposal by delegate John Eldridge of Augusta to permit changes to be made in the upcoming election was approved 59-19.

"I want to say to the people, you have the right to come in to the act," Eldridge told the convention.

He said he couldn't predict what might happen in the time before the election, but he said there could be a "catastrophe" if the voters were not given some way to amend the proposed new constitution.

Delegate Richard Arnold of Texarkana said Monday that he had been led to believe that the convention would adjourn sine die.

More Visiting State Reservoirs

LITTLE ROCK (AP) — The Army Corps of Engineers has reported that more than 18 million persons, 26 per cent more than in 1968, visited Army Engineers projects in the Little Rock District last year.

Rogers Forced to Cancel School Visit

By MICHAEL GOLDSMITH

Associated Press Writer
TUNIS (AP) — American officials canceled a visit by Secretary of State William P. Rogers to Tunis University today following an anti-American student demonstration.

Rogers arrived in the Tunisian capital Monday night for the second stop of his 10-nation African tour. Foreign Minister Habib Bourguiba Jr. welcomed him warmly as police in a downtown area three miles away panned in hundreds of students chanting anti-American slogans.

Only authorized persons were allowed near the airport, and Rogers saw nothing of the demonstration while being driven to suburban Carthage, where he and his wife are staying. The crowd dispersed without violence after distributing pamphlets accusing the United States of encouraging Israeli "aggression."

But the ugly mood of many of the students gave American officials second thoughts about a discussion session and tea party which had been planned for the visitor at the American-built campus. A student spokesman said the cancellation was a "positive achievement" of the demonstration.

Tunisia has received more than \$600 million in U.S. aid in the 15 years of its independence from French rule, and its government consistently has taken a pro-American position on most international issues including Vietnam.

But public sympathy for the Arab cause against Israel is running at fever pitch, as it is almost everywhere in the Arab world, and the government has been increasingly forced to bow to this pressure.

Rogers was meeting today with Premier Bahl Ladgham who expressed the new Tunisian mood in unmistakable terms in a speech Sunday.

He said Tunisia retains its full independence and freedom to express its own views despite acceptance of massive economic aid from "some big powers" — meaning the United States.

"Tunisia is not aligned with anyone," declared, "Tunisia is convinced that aid given to Israel conflicts not only with the feelings of all those who are fighting for their freedom (in Palestine) but also of all those who are working for peace, justice and the dignity of man."

Ladgham's statement on the eve of Rogers' two-day visit was a clear warning to the secretary of state not to expect too much from his visit as far as the Middle East was concerned.

Senate Told South Is Right, North Guilty of Hypocrisy to Negroes

By JOE HALL

Associated Press Writer
WASHINGTON (AP) — A Northern liberal has told the Senate that what many of his Southern colleagues say is true — "The North is guilty of monumental hypocrisy in its treatment of the black man."

Sen. Abraham Ribicoff, D-Conn., said in a speech Monday on a Southern tour that he would allow freedom of choice, school attendance that "Northern communities have been as systematic and consistent as Southern communities in denying to the black man and his children the opportunity that exists for white people."

Nevertheless, Ribicoff said he would vote against the proposal of Sen. John Stennis, D-Miss., to apply to the South the freedom of choice policy on school attendance followed in New York state.

Passage of the amendment to the \$35 billion education bill the Connecticut senator said would "bring to a halt federal efforts to enforce school desegregation."

Senate Majority Leader Mike Mansfield had said he wanted a vote today on the amendment. But this was put in doubt because many senators had already left town in advance of the five-day Lincoln Day recess starting this afternoon.

Ribicoff did say he would vote for a second Stennis amendment — "The North is guilty of monumental hypocrisy in its treatment of the black man."

"If Sen. Stennis wants to make honest men of us Northern liberals, I think we should help him," Ribicoff commented. However, Sen. Walter F. Mondale, D-Minn., declared this second amendment would be "a meaningless, sanctimonious declaration against residential patterns which cause the segregation in the North without doing anything effective about it."

Ribicoff said solution of nationwide racial problems requires jobs and housing for Negroes in suburbs and high quality schools for children of blacks who cannot get out of inner city slums.

Sen. Jacob K. Javits, R-N.Y., said the Senate should not be distracted from attacking legally sanctioned Southern school desegregation because discrimination elsewhere was just as bad.

Evidence Shows Swiss Banks Aware of Fraud in Swindling U.S.

By JEAN HELLER

Associated Press Writer
WASHINGTON (AP) — Federal authorities have evidence that two Swiss bankers—fully aware that they were accomplices in a fraud—supplied hundreds of false documents from a spring of shadow companies which became the backbone of a multimillion-dollar swindle of the U.S. government.

With the aid of the bankers, the evidence shows, a group of Americans was able to channel more than \$4 million into secret Swiss bank accounts before the fraud was exposed and stopped.

Two Americans who had earlier pleaded guilty to masterminding the fraud—Francis N. Rosenbaum, a prominent Washington attorney, and Andrew L. Stone, a wealthy St. Louis businessman—received 10-year prison sentences today in U.S. District Court here.

Stone's executive secretary, Evelyn Price of St. Louis, and Robert B. Bregman, president of Bregman Electronics Inc., of New York, each received a five-year prison term. Two companies—the Chromcraft Corp. of St. Louis and Alasco Inc. of Akron, Ohio—had previously been fined \$5,000.

The \$4 million channeled into secret Swiss bank accounts has not been recovered.

The two Swiss bankers were named as co-conspirators but not defendants in the case.

The fraud has received much publicity but the evidence detailing the role of the Swiss bankers has remained in government files.

The case, officials said, is just one example of the hundreds of frauds and tax evasions believed carried out each year with the knowledge and aid of discreet foreign bankers.

Simplified, the case worked See EVIDENCE (on page two)

Man Held in Connection With Fire

HAMPTON, Ark. (AP) — Authorities said Monday that a Hampton man was being held in the Bradley County Jail in connection with a house fire in which three persons died Sunday.

Officers said no charges had been filed against the man. They declined comment when they were asked if they suspected that arson was the cause of the fire.

City Marshal Norman Cottrill identified the victims of the fire as Jessie Brown, 35, Beotis Galbert, 13, and Velous Cross, 15 all of Hampton.

He was accused of taking Mrs. Clayton from her home and driving her 200 miles to Alma before releasing her when her husband paid the ransom.

See QUESTIONS (on page two)

Escaper Is Being Held in California

REDDING, Calif. (AP) — Daniel L. Graham, 30, who escaped from jail at Des Arc, Ark., Jan. 25, is being held on \$100,000 bond in Redding after his capture by FBI agents.

Graham, who was arrested Sunday, was arraigned Monday before a U.S. Commissioner on charges of unlawful flight to avoid prosecution. A preliminary hearing was tentatively scheduled for Feb. 19.

Graham was being held in the Prairie County Jail at Des Arc on charges that he kidnapped Mrs. Margaret Clayton, 53, wife of a DeValls Bluff bank official, and held her for \$15,000 ransom Dec. 16.

He was accused of taking Mrs. Clayton from her home and driving her 200 miles to Alma before releasing her when her husband paid the ransom.

12 Americans Die in Crash of Helicopter

By WILLIS JOHNSON

Associated Press Writer
SAIGON (AP) — A U.S. Army helicopter loaded to capacity crashed into a refugee shantytown a mile from its destination in Da Nang today, killing all 12 Americans aboard. The helicopter missed the houses, and no Vietnamese civilians were hurt.

The UH1 Huey was en route from Chu Lai, about 50 miles southeast of Da Nang, to Freedom Hill, a replacement center near Maring Division headquarters. The 12 men aboard included six Army men, five Navy men and a Marine, officials said, and civilian-type luggage found in the wreckage indicated that some of the passengers may have been going on leave or home to the United States.

The cause of the crash was not known immediately, but officials said there was no indication the aircraft had been shot down.

One Vietnamese said he heard an explosion while the helicopter was in the air and looking up, saw its tail boom break off.

The aircraft crashed at the edge of a vegetable patch, about 100 yards from the shantytown.

Avalanche in France Kills Many

VAL D'ISERE, France (AP) — An avalanche of fresh powder snow, unleashed by one of the Alps' worst blizzards in memory, rolled a half mile over cars and through a vacation camp dining room today, killing 42 and injuring more than 60 persons, officials reported.

The Swiss Avalanche Research Center in Geneva said the death toll was Europe's highest since 1900. A series of snow slides in Austria in 1954 killed more than 100 people, but in a number of different communities.

The rush of snow into Val d'Isere, pushed by winds up to 60 miles an hour, sucked the roof away from a small hotel, dragged autos 150 yards and ran over concrete walls.

Most of the victims were thought to be young people—French, Belgian or West German—staying at a low-cost vacation center run by the Union of Fresh Air Centers. There were 190 guests at the center and about 60 supervisory personnel.

First reports indicated about 30 of the dead were skiers from the center, caught while eating breakfast. The remaining dozen appeared to be workers at the ski complex.

The avalanche struck at 8:10 a.m., rushing 800 yards down the southern flank of Mt. Solaise and crossing a national highway before hitting the vacation center. Avalanche experts said the snow could have moved at a speed approaching 120 miles an hour.

Environment Plan Linked to Pollution

By THE ASSOCIATED PRESS

WASHINGTON (AP) — President Nixon said Monday that a special message on environmental programs, including waste treatment, pollution, and flight water pollution, will be sent to Congress against both water and air pollution.

Violation of air or water quality standards would be considered under Nixon's plan. By May 15, up to \$10,000 per day.

Nixon proposed giving the federal government authority to control pollution over all navigable waters, not just interstate as it now is the case.

He also proposed establishing national air quality standards and to extend that authority also to interstate situations.

The President's message spelled out his previously announced plan for \$4 billion in federal grants to aid construction of municipal waste treatment plants, but he shortened the period of allocation from his original plan of five years to four years—a rate of \$1 billion a year.

Nixon's plan included establishment of an environmental financing authority to help states and municipalities find the \$6 billion in matching funds which they would need to this advantage of the federal government.

The authority would fund its operations by issuing securities of federal bonds.

The federal Treasury would make payments to the authority covering the difference between what it takes in from the communities and what it must pay out in interest on its own bonds.

Nixon's program also proposes a requirement that industries using municipal waste disposal systems be subject to that system's standards, be imposed to curb industrial and municipal water pollution.

Similarly, national emission standards were recommended for dangerous air pollutants. He also proposed that the secretary of health, education and welfare be authorized to regulate the composition of gasoline and its additives.

The President's message called for full funding of the \$327 million available for land acquisition under the Land and Water Conservation Fund for the creation of parks and recreation areas. He also urged a review of federal property to seek areas that could be better used for park and recreation purposes.

He called for establishment of a national industrial pollution control council, for research to improve the recycling or disposal of solid wastes, and for development of some financial incentive to encourage the scrapping and recycling of junk automobiles.

Before today's message, the President had proposed allocating \$4 billion over a four or five-year period for grants in aid in building waste treatment plants to be matched by \$6 billion in state and municipal money.

Communities unable to finance their share through the municipal bond market could borrow from the proposed authority at 6 to 7 1/2 percent interest, the sources said.

Another Cold Front Is Due

By THE ASSOCIATED PRESS

Another cold front has dropped south of the Canadian border and was heading for Arkansas this morning.

This will add to the already cold air in the state and delay any warming trend for another day or two, the Weather Bureau said.

No rainfall is in sight, the bureau said, and clear skies should remain in the state for the next several days even with the passing of the cold front.

Highs around the state Monday ranged from 37 at Harrison to 56 at Texarkana.

Overnight lows included 18 at Fayetteville, 22 at Fort Smith, 24 at El Dorado, 25 at Little Rock, 26 at Jonesboro and Harrison, 27 at Pine Bluff, 28 at Memphis and 29 at Texarkana.

No precipitation was reported for the 24-hour period ending at 7 a.m. today.

127 Apply for 23 Jobs as Census Takers

SOME 127 local applications were received for the 23 jobs to be filled for the Hempstead County census. The list has been forwarded to the district office which will announce when the tests will be conducted among those 127 to select the 23 to do the actual work.

Following the test, a training period will be conducted to prepare them for work. The local census will start about mid-April and continue for five or six weeks until completed.

The Red Cross Bloodmobile will return to Hope Tuesday, Feb. 10 and will be in the Fellowship Hall of the First Presbyterian Church from 12 noon to 6 p.m. You are requested to use the Walnut Street entrance where parking is provided. Haskell Jones, Hempstead County Blood Chairman, hopes to secure 120 pints at least to help the county get its quota for the first time in history.

Elected to Medical Advisory Group

LITTLE ROCK—Sister Mary Avitis, R.N., M.S., director of nursing inservice education at St. Michael's Hospital in Texarkana, recently was elected to membership on the Arkansas Regional Medical Program South West District Advisory Committee.

The purpose of the committee is to give persons from northwest Arkansas a voice in ARMP activities. The committee will review projects originating in the district, identify health needs in the area and will ascertain that local health resources are utilized in the support of proposed ARMP projects.

James D. Armstrong, M.D., of Ashdown is chairman of the South West District Advisory Committee which includes members from Montgomery, Howard, Pike, Clark, Sevier, Little River, Hempstead, Nevada, Miller and Lafayette counties.

Hijacker Wants to Return to America

MADRID (AP) — An American who says he hijacked a Delta Air Lines jet and 108 people to Cuba two years ago arrived in Madrid unescorted today and turned himself over to U.S. Embassy officials.

The man claims to be Lawrence M. Rhodes Jr., 30, of Welch, W. Va., who also is wanted for a \$12,000 payroll robbery in West Virginia.

The embassy said that if Rhodes' story checks out, the U.S. government probably would ask for his extradition. But Rhodes indicated he would waive extradition, telling a Spanish newsmen in Zaragoza: "I am ready to return to the United States. Twenty or 30 years (in prison) I don't care. All that's over, because I'm not bad and some day I will get out. I love my wife and child very much."

Finds Nothing Changes a Girl So Fast or As Much As Marriage

By HAL BOYLE

NEW YORK (AP)—Rare indeed is the fellow who marries a girl to reform her. But whether reform was his goal or not, many a husband finds out that nothing changes a girl like marriage.

At first she delighted in meeting him at the door with his slippers in her hand when he came home from work. Now if she can't find her own slippers, she slaps slaps around the house in his.

Before the wedding she ate so little he was afraid she'd starve to death, and he'd tell her solicitously, "You just can't live on love alone." Now she eats so much that the refrigerator

dresser in the neighborhood. But now she comes to breakfast each morning looking so frowsy he half expects her to fly into the room on a broomstick.

During their courtship days, he remembers, they loved to go on picnics and pick four-leaf clovers together. But lately, he reflects, all she seems interested in picking with him is arguments.

There was a time when she praised his short, crew-cut hair because she said it made him look so manly. Now that he's getting bald—and therefore looks even more manly—she wants him to buy a toupee that would make him look like an aging sheepdog.

She used to be interested even in his daydreams, and when he fell into a reverie, she'd say, "A penny for your thoughts, my darling." But today if he starts
